TOP 10

Selling Chemical Products

What can you learn by knowing the top-10 selling products from a few of the top chemical distributors serving your industry? How about knowing the products that will sell at your store – a top 10 list of some of the basic products needed to make sure you stay stocked at your own store. Look at them as a few of the staple products; what you stock above and beyond these products just may be what makes you unique. Hair products and general merchandise may be a little more based on preference, season or the makeup of your customer base. But if you feel like we missed a few of your top-selling products, give us a call and we'll make sure to thank you for the information...and so will your fellow industry professionals.
